

Kernel S&P Global Dividend Aristocrats Fund

For the month ended 30 April 2021

Fund overview

The Global Dividend Aristocrats is designed by Standard & Poors to identify and hold high dividend yielding companies from 24 developed markets. To hold aristocrat status a company must increase or consistently maintain dividends for at least 10 years and any announcement of reduction removes the company. Companies are weighted by indicated dividend yield and balanced by number, sector and country to be well diversified. The fund is designed to be tax efficient for the NZ resident investor seeking global income stream.
